

## $^{250}\text{No-1}$

Isomerism was first established in  $^{250}\text{No}$  by A.V.Belozerov et al. in 2003 at the Joint Institute for Nuclear Research, Dubna, Russia ([2003Be18](#)). The 36.3  $\mu\text{s}$  isomeric level by itself had been measured earlier ([2001Og08](#)).
