

$^{67}\text{Zn}(\text{t},\alpha)$ **1984Ca26**

Type	Author	History	Citation	Literature Cutoff Date
Full Evaluation	E. Browne, J. K. Tuli		NDS 111, 1093 (2010)	3-Mar-2009

Target $J^\pi=5/2^-$.E(t)=18 MeV, FWHM≈20 keV; measured $\sigma(\theta)$ for $\theta=15^\circ-50^\circ$ in 5° steps, DWBA and empirical-shape analysis. ^{66}Cu Levels
